Sponsor a Lunchtime Workshop!

Contribute Today and MAP FOR HUMANITY!

Volunteer now! Join world-wide contributors and help create the maps which are being used in the fight against Ebola. Easy to make, these maps are for first responders including the World Health Organization, Red Cross, Doctors Without Borders and others. It is quick and very easy to learn. All you need is a computer and an Internet connection.

Come to the Workshop and Learn how to plot the paths and roadways to remote villages using an easy mapping program and satellite images. First responders need your help today. These maps help the continuing fight to stop Ebola at its source.

This one hour workshop includes 30 minutes of easy-learning of a free Internet program followed by 30 minutes of practice. Then you can easily map from anywhere and on your own time! And, be ready to map for any other disaster. Join this remarkable opportunity to contribute and truly make a difference.
